

Welcome to FRAMECON...

EDUCATION

Choose one of 2 educational tracks. First, the ABC's of Framing focusing on the basics of picture framing and the basics of how to operate a framing business with Harry Gaston, MCPF. The second is the Advanced Framing Techniques featuring nationally known educators Jim Miller, MCPF and Tim Franer, CPF.

TRADE SHOW

A "mini" trade show will also take place. Vendors and suppliers will be showcasing new products, deals and specials. A vendor list will soon be posted.

NETWORKING

Spend a couple of days sharing ideas, knowledge and experiences with other professional framers. No better way to learn than to learn from those that have already done.

SOCIAL

From the cocktail reception to "breakfast meeting" to a party on Sunday night there will be plenty of time to have some fun and hang with your fellow business owners and picture framers.

Vendor Showcase

Our very own table top version of a trade show! Come see what's new from our sponsors.
